

## SWIM CLASSIFICATION PROCEDURES

### Units may conduct their own test before camp

The swim classification of individuals participating in a Scouting America activity is a key element in Safe Swim Defense and Safety Afloat. The swim classification tests should be renewed annually, preferably at the beginning of each outdoor season. Traditionally, the swim classification test has only been conducted at a long-term summer camp. However, there is no restriction that this be the only place the test is conducted. In fact, we recommend to conduct the swim classification prior to attending summer camp.

All persons participating in Scouting America aquatics are classified according to their swimming ability. The classification tests and test procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water. The Swimmer's Test demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum 12-foot depth, and with shallow water footing or a pool or pier edge always within 25 feet of the swimmer.

## CONDUCTING YOUR OWN SWIM TESTS

### (at the unit level with council approved aquatics resources)

The swim classification test done at a unit level should be conducted by a person with one of the following council-approved certifications: Aquatics Instructor, Aquatics Supervisor, certified lifeguard, swimming instructor; or swim coach. When the unit goes to a summer camp, each individual will be issued a buddy tag under the direction of the Camp Aquatics Director for use at the camp. The signed form must be presented upon arrival in camp.

## AT CAMP OPTION

The swim classification test is completed on Sunday afternoon immediately after checking into your campsite. Please pack your swim gear on the top of your pack or tote to make it easier to access upon arrival.

### Special Note:

For the safety of each participant, the Aquatics staff shall at all times reserve the authority to review or retest individuals or entire units at any point throughout the week.

## SWIM TEST TIMEFRAME

Swim tests are valid for up to one year (12 months) prior to camp. Last summer's test is not valid.

## SWIMMER'S TEST:

Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner using one or more of the following strokes: side stroke, breast stroke, trudgen, or crawl. Then swim 25 yards using an easy resting back stroke. The 100 yards must be swam continuously and include at least one sharp turn. After completing the swim, rest by floating.

## BEGINNERS TEST:

Jump feet first into water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.

# SWIM CLASSIFICATION RECORD

Complete this form to track each individual's current swim classification. Any change in status after this date i.e., non-swimmer to beginner or beginner to swimmer, would require a reclassification test by the Camp Aquatics Director.
